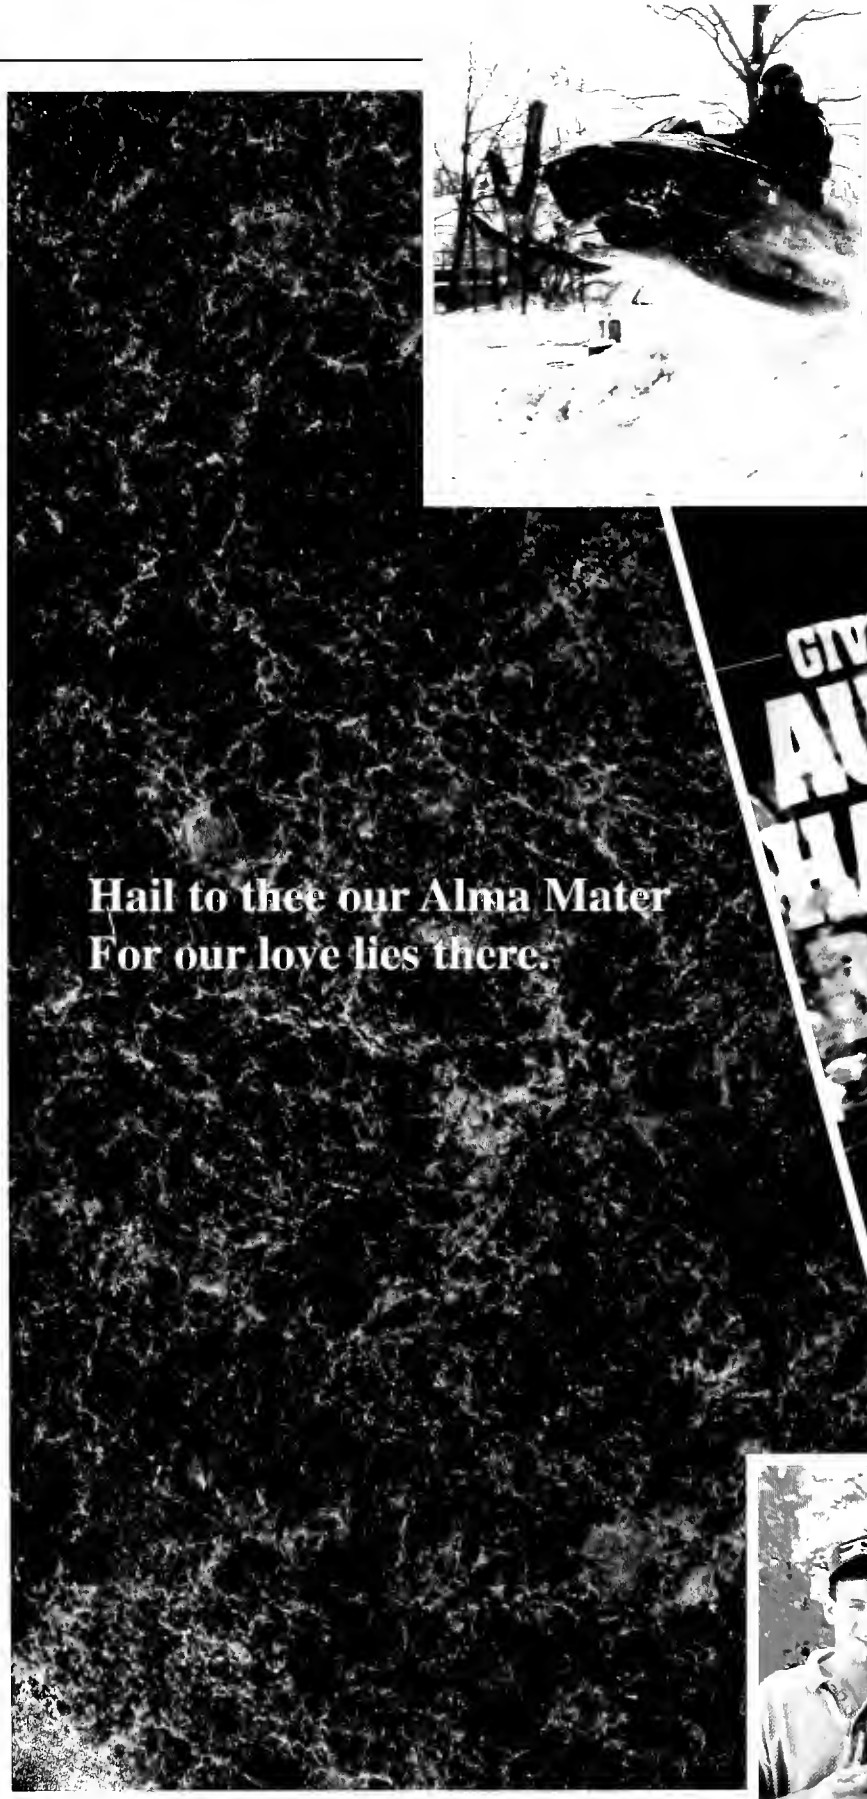
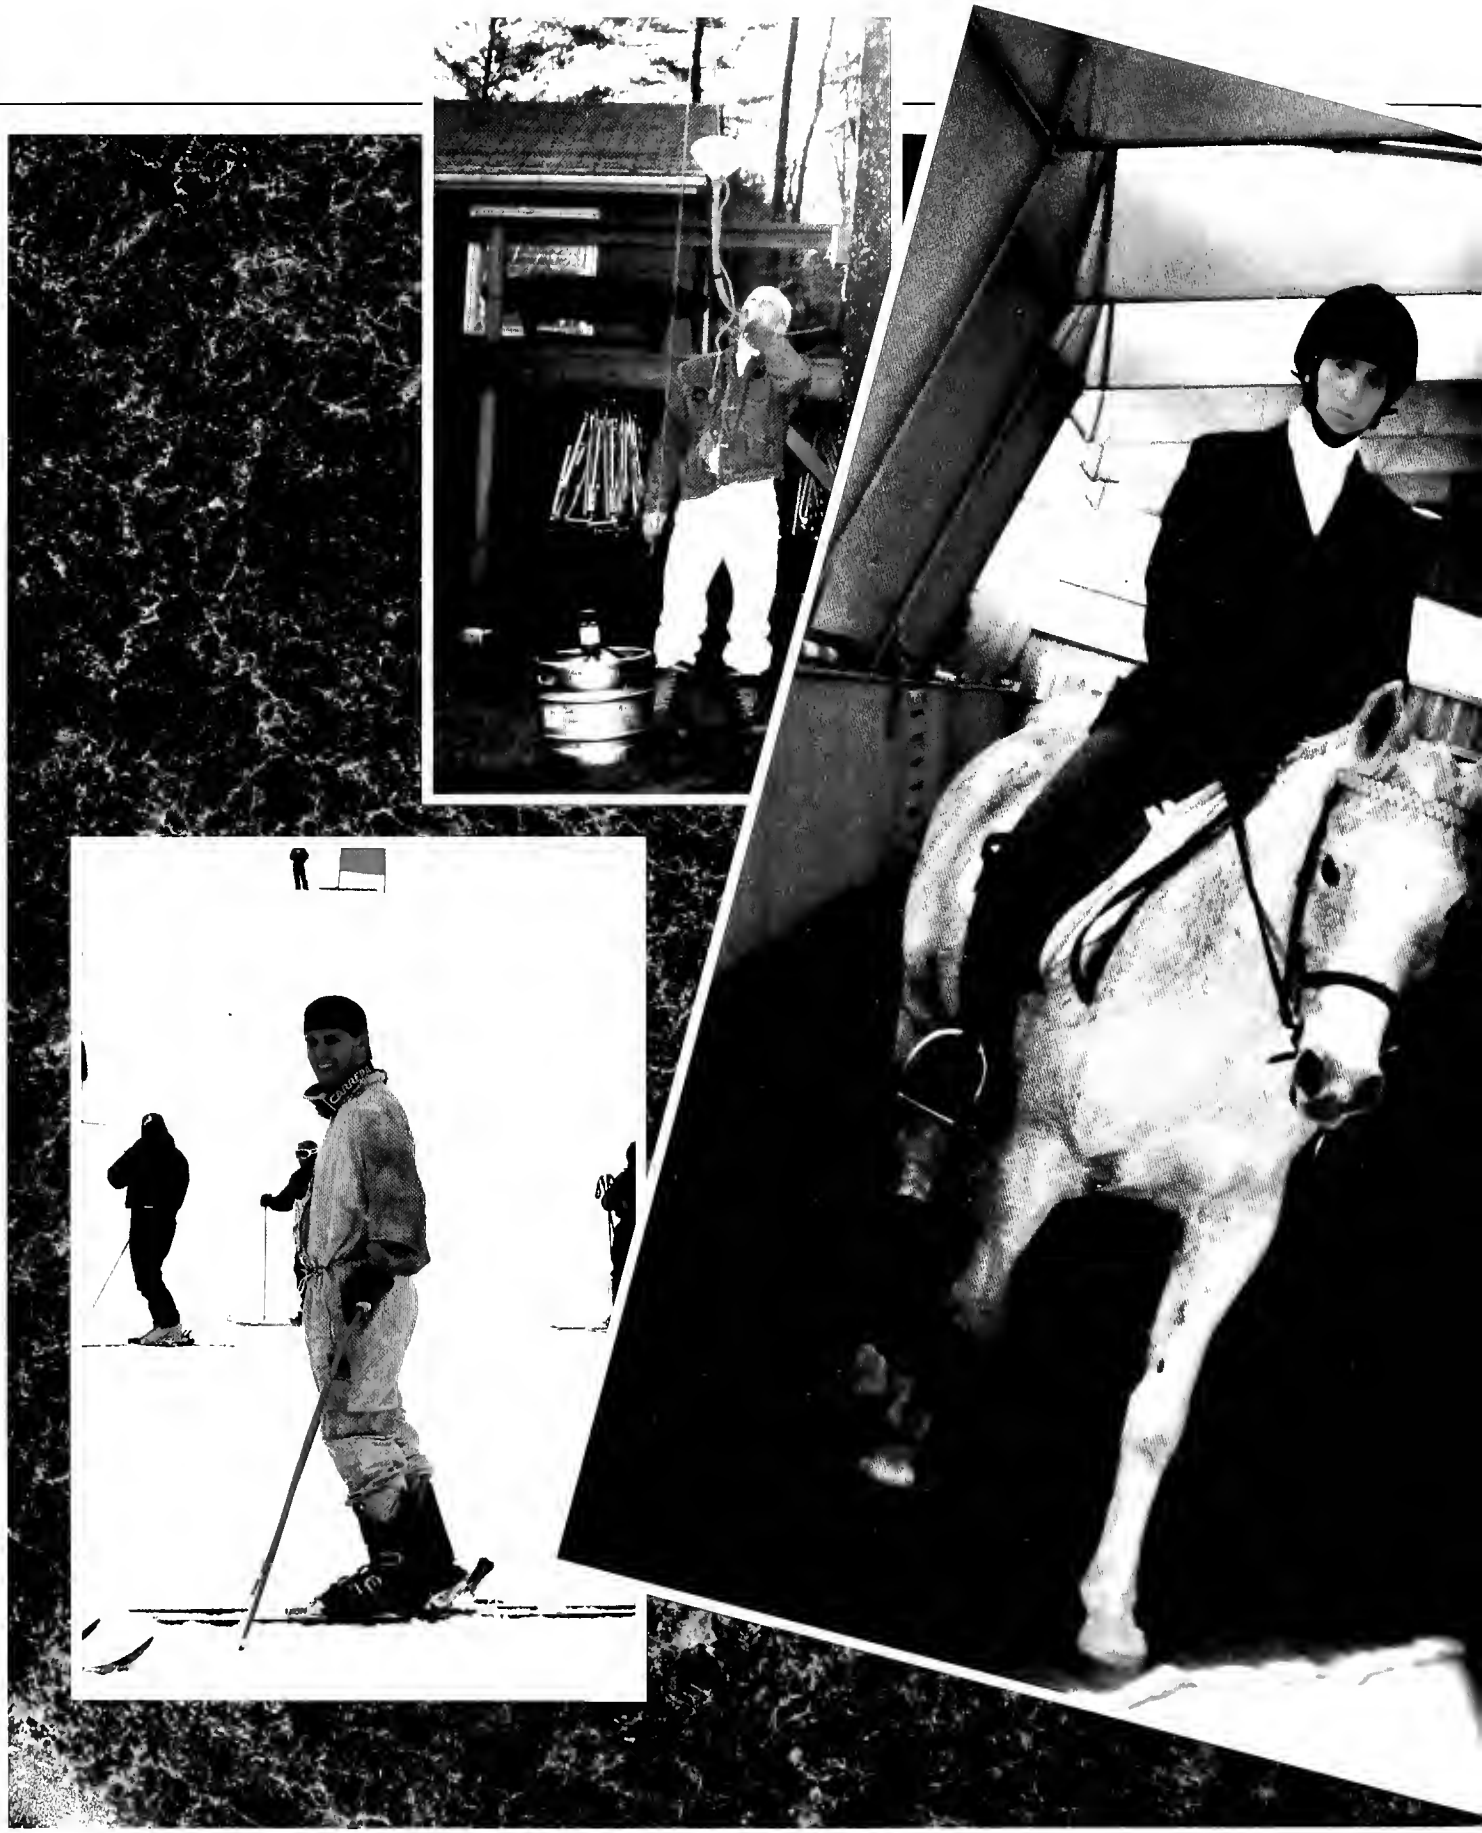
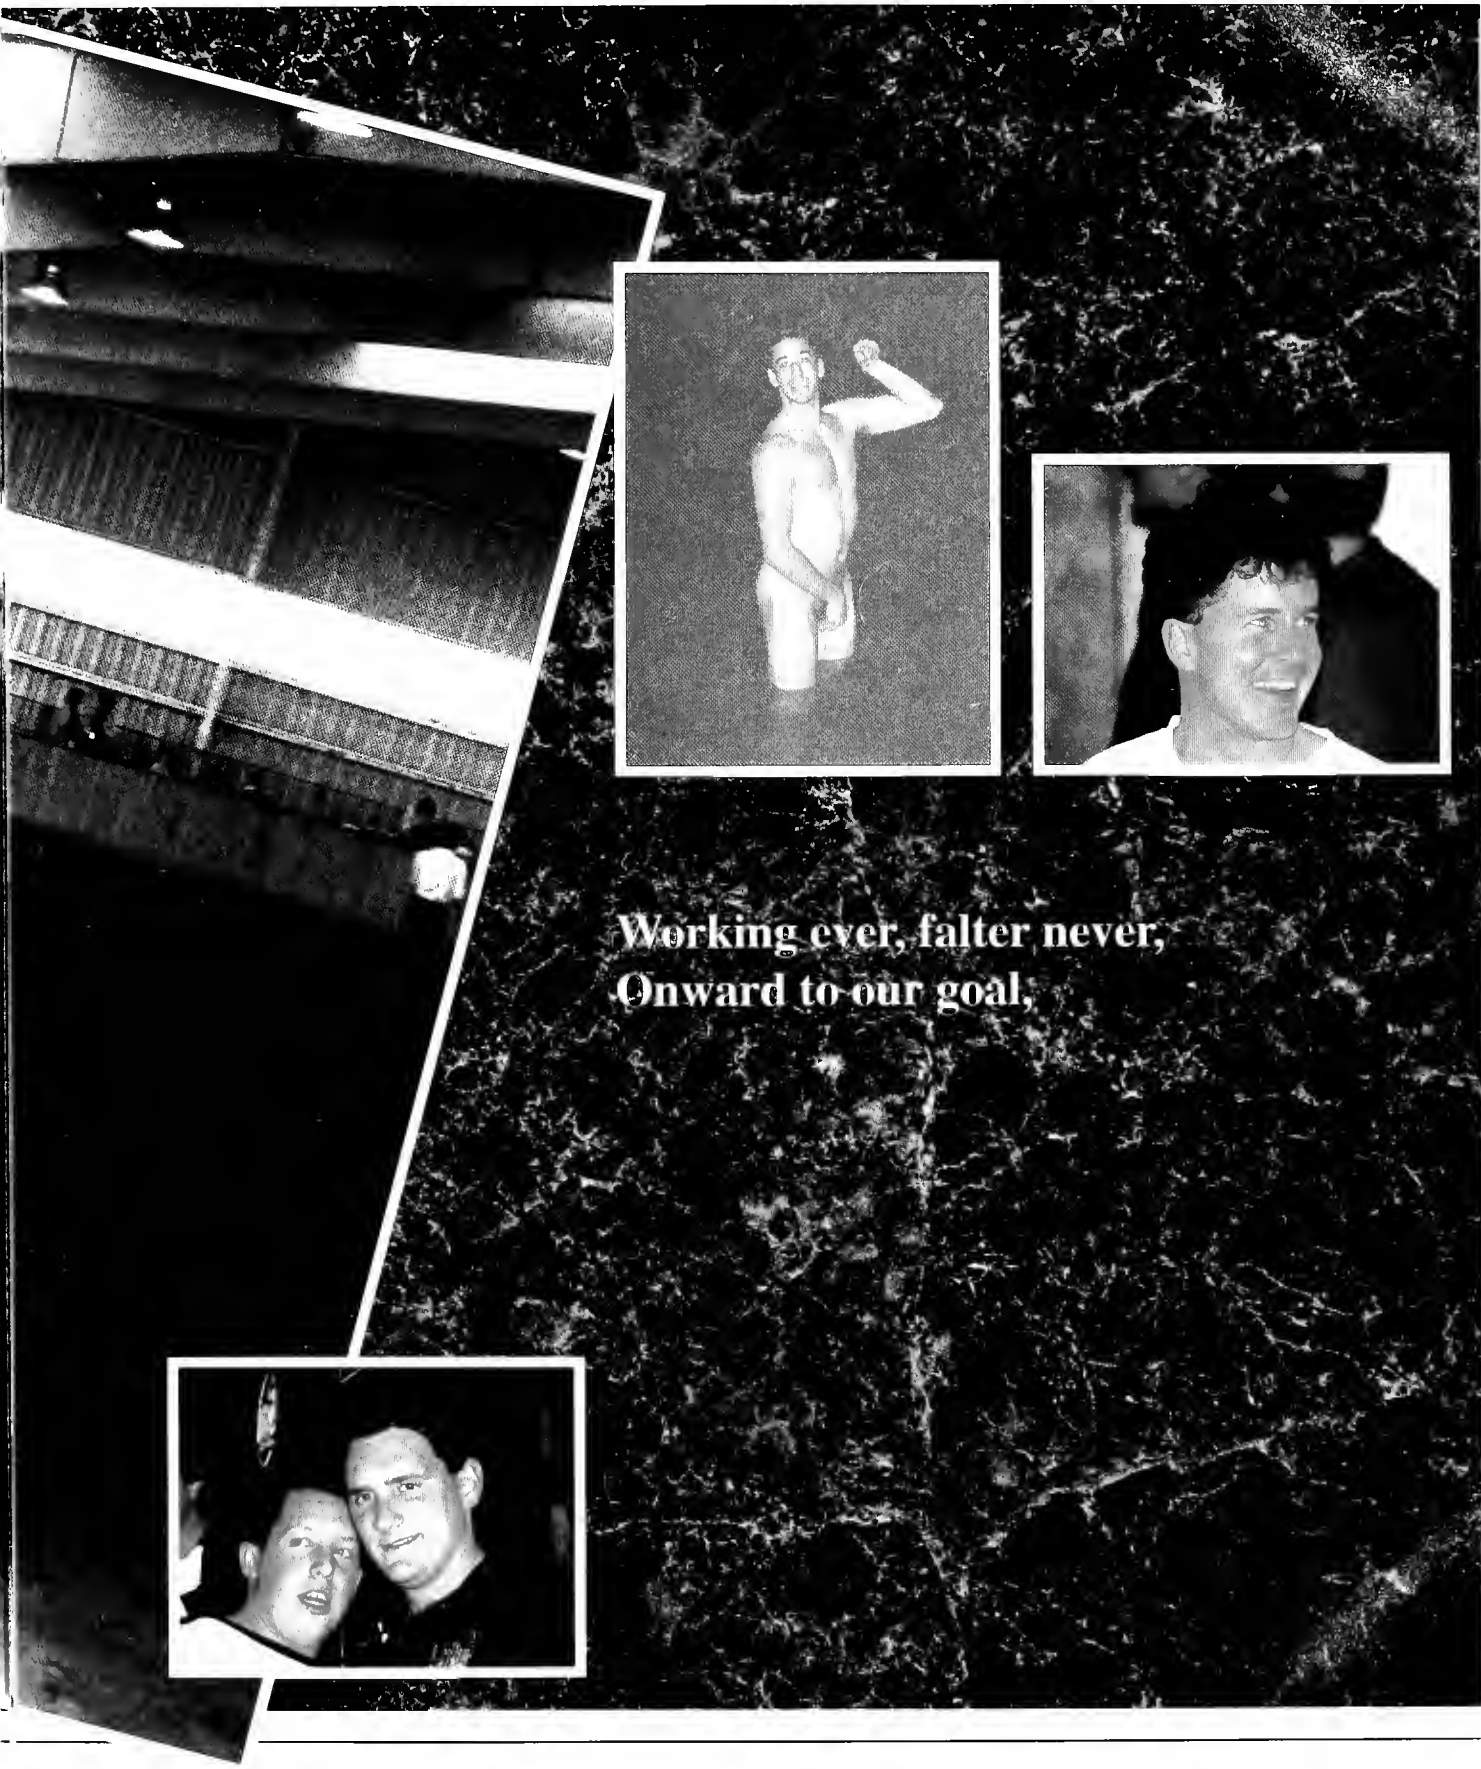
# STOCKBRIDGE ALMA MATER

"Neath the elms of dear old Amherst
Stands our college fair,



Hail to thee our Alma Mater
For our love lies there.





**Working ever, falter never,**
**Onward to our goal,**

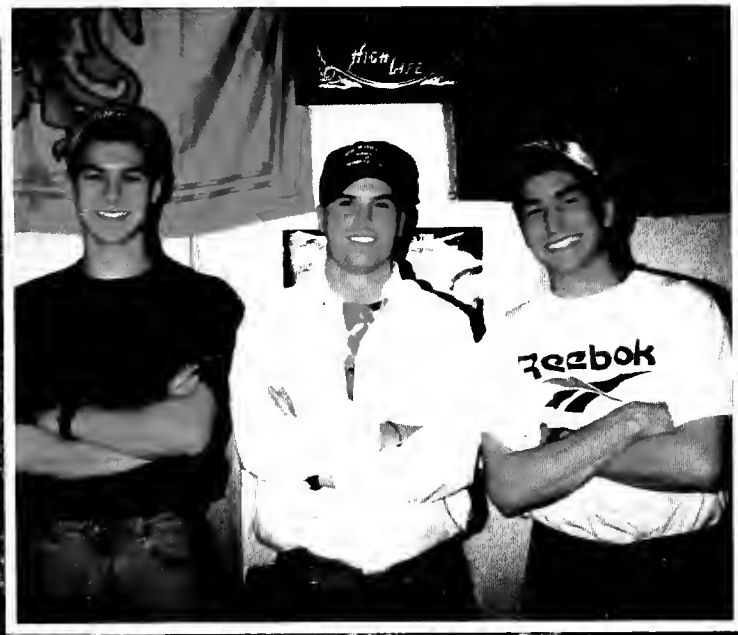
Give your best to dear Old Stockbridge,
Body, Heart, and soul.

BGV-774

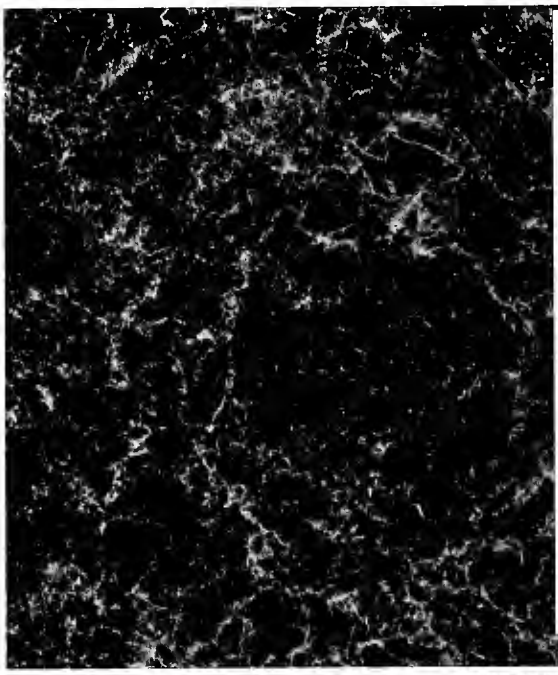
STOCKBRIDGE HALL

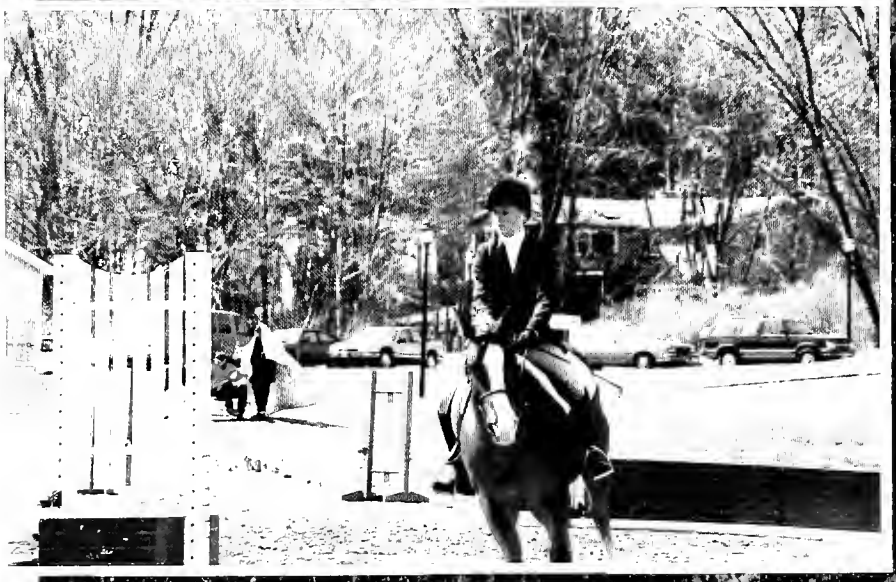
UMass
ATHLETICS

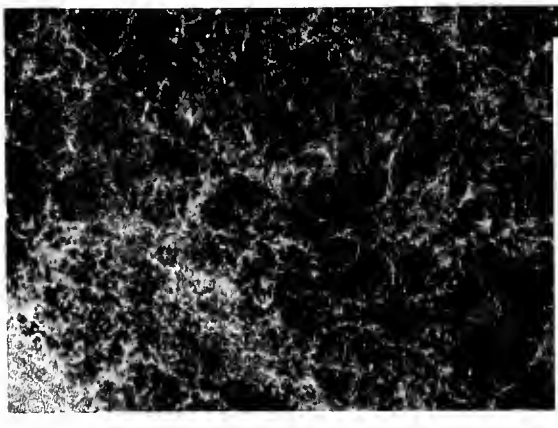
Tho' the hours are quickly passing
And we soon must part,



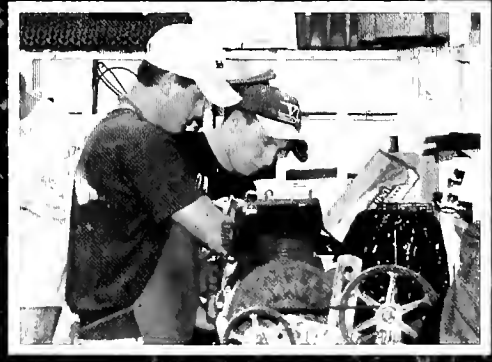
**Thy great halls will not be lonely**
**They contain our hearts.**



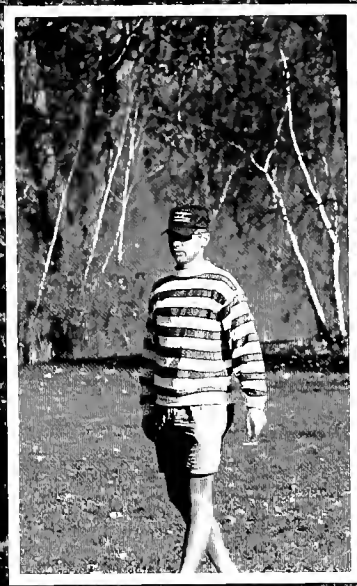


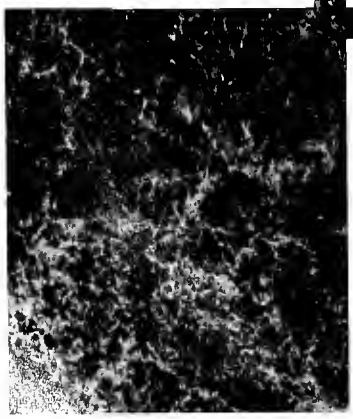


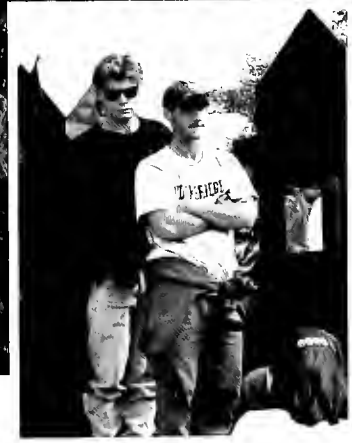
Hard Rock
CAFE



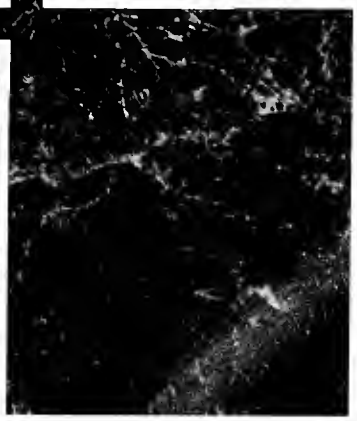
In the future thought will wander
Back, and we will see







Scenes we knew at dear Old Stock
Always dear they'll be.



Yearbooks hold the past it seems,
What we were and future dreams.
Pictures freeze a frame in time,
memories here are yours and mine.

So look and learn of days gone by,
you're sure to feel a tear dropped eye.
All these pictures, memories past,
Stockbridge stage and we the cast.

Friends we made will always be,
preserved throughout the ages.
Friends we make and never see;
preserved within these pages.

Remember well the Stockbridge Hall,
and all the faces we recall.
Remember well the two best years,
when Stockbridge showed us our true peers.

Thank-you yearbook and its crew,
Stockbridge shows its gratitude.
Thank-you yearbook with its past,
Pictured friends that last and last.

-Brian McFay

# CAROL DRAKE

## 1948-1993

Carol Drake entered the Landscape Contracting program at Stockbridge in the fall of 1993 and passed away on November 29 of that year. Carol was one of our "non-traditional" students. She already held a Bachelor of Arts degree, was married and the mother of three young children. When Carol first came in to the office to talk about returning to school, she was somewhat hesitant about taking on such a tremendous commitment in addition to her family duties. But landscaping was something she had always enjoyed, and she wanted to do those things in life that gave her a sense of satisfaction. Returning to school meant a great deal to Carol, and she was very happy and excited pursuing what she had always wanted to study.

Carol was also an accomplished artist. Her work had been exhibited locally at the Muller Gallery and the Forbes Library in Northampton, and was selected to be displayed at national art shows in Columbus, Ohio and San Francisco, California. The art pieces which Carol created were "nests," uniquely woven out of natural materials, interlaced with beads, feathers, medals, and other shiny or colorful objects. Her work had been inspired by magpies, birds which "borrow" such colorful objects and incorporate them into their own nests.

Carol died while she and her family were visiting her parents in Ohio over the Thanksgiving holiday. At the time of her death, a memorial fund was established in her name. The fund would benefit a Salvadoran refugee woman whom Carol and her husband David befriended when they lived in California and whom they continued to support after the woman returned to El Salvador. Carol's parents' church in Bluffton, Ohio administers the fund.

Sometimes our lives are just brushed by people we meet along our journey. Carol touched us briefly, but poignantly. Her death reminds us of the fragility of life. Her life reminds us of the importance of being true to ourselves and always keeping our hearts open to what is important. Let that be her legacy to us.

We the Class of 1995, would like to recognize Elizabeth Wiernasz for her relentless pursuit to make the Stockbridge school and students the best they can be. The student body dedicates this book to Elizabeth as a reminder that we all love you!!

## YEARBOOK MESSAGE 1995

Its March 24th. The crocus are just begining to show themselves, and at 11 AM there were snow flakes in the air. But, what is worst of all is that I am in the office while all of you are off having a good time over spring break (unless you are somewhere trying to earn a few bucks). Anyway, there are only a relatively few weeks left before its back to the cold cruel world of work, work, work. There is a tendency for many of your teachers and the staff to periodically question how we are doing, given the desparate state of the university's finances, but every now and then there is a bright spot on the horizon that makes us think it is all worthwhile. This happened to me the other day. I was at a meeting and a young man came up to me, said hello, and then proceeded to tell me how he was grateful each and every day for all he had learned at Stockbridge. The fact is that in the seven years I have been here and met hundreds of Stockbridge graduates, each and every one has expressed gratitude for their education.

Our challenge continues to be enrollment, and you can do much to help. If you are in the Amherst area think about participating on the alumni board. If you live elsewhere take the time to visit a high school in your area and talk to the counselor. Tell them of your positive experience at Stockbridge and offer to talk with students who might be interested in our programs. Then give us a call and we will be glad to send you a few information packets which you can pass on to their students. Kathy Conway our recruiter can only visit a relatively small number of schools, so your help would be most welcome.

Each and every one of your faculty are proud of your accomplishments and wish you success in your careers. And, we know that your'e going to represent the best the Stockbridge School has to offer. Please drop us a line now and then to keep us posted on your progress, and notify us of any address changes so that we can keep you informed through our alumni newsletters.

Yours for satisfying and productive careers.

Harry L. Mosher, Director

Alpha Tau Gamma is the only two year fraternity founded soley for the Stockbridge students. These brothers are a breed apart and will always strive for excellence. The house remains strong, with more than 36 brothers, and has exceeded expectations for the last two years due to their commitment to excellence by the active chapter. Many fraternities are simply social, but the brothers of ATG make the difference by giving of their time to people, charities, and most of all each other. The Green and Gold will always shine on, due to the alumni support and this makes ATG the best house on campus.

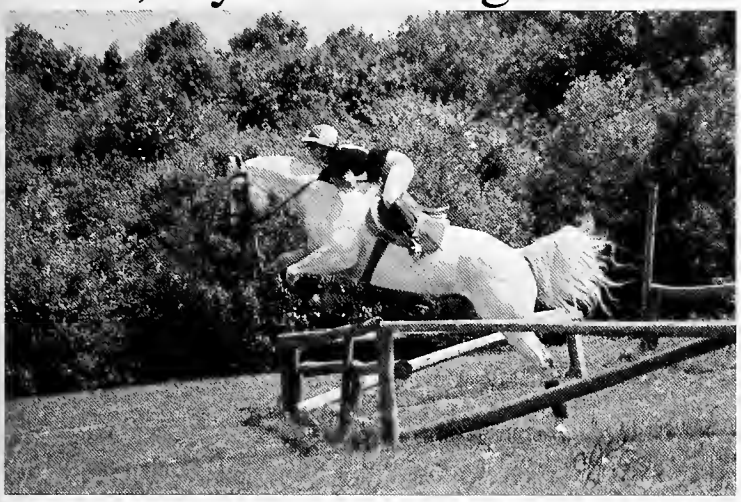
We are very proud of you Laura. You have a beautiful future ahead of you. Make the best of it.
Love
Mom, Dad
Luis, Cyndi & Migdalia



John Michael

Congratulations and best wishes for continued success in anything you choose to do.

Dad, Cassie and Connor

To my son, Michael Spaulding Cray,

I am so happy
with the direction
that your life
is taking you
all of your decisions and
all of your actions
are so noble and intelligent
I often think about
how you were a little boy
I hope that you remain so in control
of your life forever
and I want you to know that
sometimes you will make mistakes
and when those times occur
the proudest mother in the world
is always here
to encourage you
to understand you
to talk with you
to support you
and to love you forever
love,
Mom

Joseph Moseley

Good luck Joe
We're proud of you!
Love,
Mom + Dad

Congratulations
Class of "95"
Earl + Joan Albert

Wayne,
Look back with pride on what you have accomplished. Remember you have places to to. Good luck as you climb to greater heights.
Love + Congratulations,

# Editor's Note

As I finish this yearbook; all I can think of is "**Memories**".
Pictures will last a lifetime and I captured as much of them as possible. Life at Stockbridge was the greatest two years of my life. All of us found friends and brothers for life and that is the greatest gift of all.
The Stockbridge crest reads: "Give Your Best to Stockbridge; Body Heart and Soul." I believe this book represents that. I leave you all with a fond farewell and goodbye.
I love you all,
Brian A. Benedict
